

# SCHOOL METRICS DATA

---

Clatsop County, Oregon

Weekly Monitoring Periods from October 4 – November 28

Oregon public health officials have developed evidence-based metrics to help school boards and school districts make decisions about how they can safely reopen schools. OHA is working closely with the Oregon Department of Education (ODE) on its Ready Schools, Safe Learners guidance for public and private K-12 schools for the 2020-21 school year.

For a school to return to in-person instruction through ODE's On-Site or Hybrid instructional models, the metrics below, which consider local as well as statewide conditions, must be met:

### **Metrics**

- For a school district that draws substantial numbers of students or staff from multiple counties, the case rate and test positivity rate should be considered in each of those counties.
- Schools must be in a county that is no longer in baseline phase to consider in-person instructional models.

### **Prioritize On-Site or Hybrid instructional models:**

County Metrics – Large Counties ( $\geq 30,000$  residents)

- » Case rate:  $< 50.0$  cases per 100,000 population in the preceding 14 days
- » Test positivity:  $< 5.0\%$  in the preceding 14 days

### **Prioritize careful phasing in of On-Site or Hybrid instructional models for elementary schools:**

County Metrics – Large Counties ( $\geq 30,000$  residents)

- » Case rate:  $50.0$  to  $< 100.0$  cases per 100,000 population in the preceding 14 days
- » Test positivity:  $5.0\%$  to  $< 8.0\%$  in the preceding 14 days

# Weekly Monitoring, Clatsop County

County	Week of Data Date	Case Count	Cases per 100,000	Test Positivity
Clatsop	10/04/2020-10/17/2020	12	30.5	1.1%
	10/11/2020-10/24/2020	16	40.7	1.4%
	10/18/2020-10/31/2020	23	58.5	5.2%
	10/25/2020-11/7/2020	45	114.4	5.5%
	11/01/2020-11/14/2020	45	114.4	4.0%
	11/08/2020-11/21/2020	46	117.0	4.1%
	11/15/2020-11/28/2020	58	147.5	6.7%
