STUDENT RIGHTS

Dress and Grooming

The district's dress code is established to promote appropriate grooming and hygiene, prevent disruption and avoid safety hazards.

Responsibility for dress and grooming rests primarily with students and their parents. However, the district expects student dress and grooming to meet standards which ensure that the following conditions do not exist:

1. Disruption or interference with the classroom learning environment;
2. Threat to the health and/or safety of the student concerned or of other students.

Students who represent the school in a voluntary activity may be required to conform to dress and grooming standards approved by the superintendent and may be denied the opportunity to participate if those standards are not met.

General Dress/Grooming Guidelines

- Any form of dress which is contrary to good hygiene or which is distracting in appearance and detrimental to the purpose or conduct of the school will not be permitted. For health and safety reasons shoes must worn in school at all times.
- Clothing having obscene, questionable, or suggestive printing, or that are deemed as offensive to a staff member or another student's gender, ethnicity or personal quality, as well as those who advertise alcohol, tobacco, and/or drugs will not be permitted.
- Any clothing promoting businesses whose primary intent is to make, distribute, or sell alcohol, drugs, or tobacco will not be worn. This includes breweries, saloons, bars, distilleries, etc.
- Spiked collars, bracelets, or any clothing items deemed a threat to safety will not be allowed. Any item of clothing that promotes or implies gang activity or affiliation will not be permitted. Student appearance at extra-curricular activities also falls under this regulation.

ASD Board Policy-JFCA

Due Process

The following steps are appropriate to responsible disciplinary action and are consistent with the primary elements of due process.

1. All students are given notice, both of the general nature of punishable offenses and of any specific violation. This occurs at the beginning of each school year with the issue of the District Student Rights and Responsibilities Handbook;
2. When an alleged offense occurs, the student will be informed of the conduct involved and the nature of the charge and will be given the opportunity to present his/her view of the occurrence;
3. If discipline is to follow, the student will be informed of the immediate action to be taken, reason for its administration, and subsequent procedures to be followed;

4. When serious discipline is contemplated or when a student is suspended, the student's parents will be notified as soon as possible;
5. The informal conference will normally be sufficient in determining a suitable and subsequent course of action. A follow-up conference with the student and his/her parents is almost always appropriate in situations where serious behavioral problems have occurred;
6. When students and/or their parents or guardians feel that the intent or purpose of the District's policy has been violated, it will be the responsibility of the aggrieved to attempt to resolve the concern at the level of the alleged violation. If this procedure does not result in satisfactory resolution of the problem, the student or parent may appeal the decision.
7. A differentiation may be made between the discipline of students with disabilities and those without.

STUDENT BEHAVIOR AND DISCIPLINE

In Astoria School District we have worked to develop a proactive approach to positive behavior outcomes for our students. We believe strongly that everyone is more successful and high levels of learning can occur when expectations for behavior are made clear, instructed, and positively reinforced. Each school has developed positive behavior expectations for all common areas and work to communicate, teach, and reinforce those behaviors with our students.

We work develop and maintain positive relationships we've built with students and families and rely on these relationships to work together to create positive outcomes for our students and address student behavior.

Student disciplinary sanctions will offer corrective counseling and sanctions that are age appropriate, and to the extent practicable, that uses approaches that are shown through research to be effective. Disciplinary measures are applied, without bias, depending on the nature of the offense. The age and past pattern of behavior of a student will be considered prior to any suspension or expulsion.

A student's due process rights will be observed in all such instances, including the right to appeal the discipline decisions of staff and administrators.

In addition, when a student commits substance abuse, drug or drug paraphernalia, alcohol- and/or tobacco-related offenses or any other criminal act, he/she may also be referred to law enforcement officials. Violations of the district's weapons policy, as required by law, shall be reported to law enforcement.

ASD Disciplinary Actions

When students fail to consistently meet expectations for behavior or violate the Student Code of Conduct they can be subject to disciplinary action. Discipline in the district is based upon a philosophy designed to produce behavioral changes that will enable students to develop the self-discipline necessary to function successfully in their educational and social environments. Depending upon the seriousness of the behavior problem, one or more of the following actions will be taken by school officials (teachers, administrators or other employees).

Informal Talk or Problem Solving Opportunity	In the case of a minor behavior issue, a school official will talk to the student and try to reach an agreement regarding how the student should behave. There may be the opportunity for the student to work through a problem-solving opportunity to develop alternative behavior strategies.
Conference	A conference is held between the student and one or more school officials. During this conference, the student must agree to change his/her behavior by developing a plan for appropriate behavior, which may include restitution.
Parental Involvement	A legal guardian is notified by telephone, personal contact or letter. A conference may be conducted between the student, his/her legal guardian, appropriate school officials and other individuals involved.
Disciplinary reassignment	The student is reassigned away from usual activities within the school. This may include, but is not limited to, a referral to counseling, a schedule change, and/or an optional work assignment around the school, a shortened day, noon or after-school detention, and in-school suspension. During reassignment, the student may be asked to develop a plan for appropriate behavior.
Detention	A school administrator or teacher may detain a student for disciplinary reasons during or after school hours, provided the parent has been notified of the detention and, in the case

	of bus students, arrangements have been made for the student’s transportation home. In cases where transportation is required, 24-hour notice will be given so that transportation may be arranged.
Suspension	<p>A student whose conduct or condition is seriously detrimental to the school’s best interests may be suspended for up to and including 10 school days. Students may be expelled for any of the following circumstances:</p> <ul style="list-style-type: none"> a) when a student’s conduct poses a threat to the health or safety of students or employees; b) when other strategies to change the student’s behavior have been ineffective; or c) when required by law. <p>While under suspension, a student may not attend after-school activities and athletic events, be present on district property nor participate in activities directed or sponsored by the district. School work missed by the student may be made up upon the student’s return to school.</p>
Expulsion	<p>A student may be expelled for severe or repeated violations of the Student Conduct Code. When this occurs, the student is informed that he/she is immediately suspended from school and that a recommendation for expulsion will be made. An expulsion includes the removal of a student from school, from school activities and all related school functions. The length of time that a student is expelled is determined by the superintendent and may be up to one calendar year.</p>
Suspension of Driving Privileges	<p>Suspension of driving privileges through the Oregon Department of Transportation can occur if a student 15 years of age</p> <ul style="list-style-type: none"> a) has been expelled for bringing a weapon to school; or b) has been suspended or expelled at least twice for any of the following reasons: <ul style="list-style-type: none"> i. Use of threats, intimidation, harassment or coercion against a school employee or another student; iv. Possessing, using or delivering any controlled substance or being under the influence of any controlled substance at a school or on school property or at a school-sponsored activity, function or event.

Education succeeds best when there is a strong partnership between home and school. As a partnership thrives on communication, the districts asks parents to:

1. Encourage their students to put a high priority on their education and to commit themselves to making the most of the educational opportunities the district provides;
2. Keep informed on district activities and issues. The district's monthly newsletter published, "Back to School" or Open House nights in the fall and spring, Family Math and Literacy Nights and special events, and parent/booster club meetings held each month, provide opportunities for learning more about the district and your students' school. In addition, information is regularly posted to the district website, Facebook page, and each school's website which can be accessed via: www.astoria.k12.or.us.
3. Become a district volunteer. For further information contact the principal of your child's school.

ASD Board Policy- JECAC/GBH

Parental Rights

The district recognizes the importance of promoting parental input in decision making related to their student's health and general well-being, in determining district and student needs for educational services, in program development and district operations. With this in mind, the district affirms parent's rights, upon request, to inspect:

1. A survey created by a third party before the survey is administered or distributed by the district to a student, including any district survey containing that may contain any one of the following items:
 - Political affiliations or beliefs of the student or the student's parent;
 - Mental or psychological problems of the student or the student's parent;
 - Sex behavior or attitudes;
 - Illegal, anti-social, self-incriminating or demeaning behavior;
 - Critical appraisals of other individuals with whom respondents have close family relationships;
 - Legally-recognized privileged or analogous relationships such as those of lawyers, physicians or ministers;
 - Religious practices, affiliations or beliefs of the student or the student's parents;
 - Income, other than that required by law to determine eligibility for participation in a program or for receiving financial assistance.
2. Any instructional material used by the district as part of the educational curriculum for the student;
3. Any instrument used in the collection of personal information from students for the purpose of marketing or for selling that information or otherwise providing that information to others for that purpose.

Parents also have full rights to inspect and review their child's education records, unless the district has been provided legal evidence that specifically revokes these rights. However, once the student reaches age 18 those rights transfer to the student.

FAMILY EDUCATION RIGHTS AND PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act (FERPA) is a Federal law that protects the privacy of student education records. FERPA gives parents certain rights with respect to their child’s education records. When a student reaches the age of 18 or attends a post-secondary school or college, the parent’s rights transfer to the student and the student is then an “eligible student” under the law.

Under FERPA, parents and eligible students have the following rights:

1) To inspect and review the student’s education records maintained by the school within 45 days of the school’s receipt of a written request. The request should identify the record(s) being inspected. The school is not required to provide copies of records and may charge a fee if copies are requested. This request can be made at the main office in each school building.

2) To request that a school correct records believed to be inaccurate or misleading. The request must be in writing and clearly specify:
(a) the part of the record requesting to be changed, and
(b) why it is inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student has the right to a hearing.

After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement in the record about the contested information. The school is not required to consider requests for grade or disciplinary decisions, opinions of school officials in the education record, or the child’s special education determination. T

3) To control the disclosure of their child’s personally identifiable information from their education record.

The school or district must, with certain exceptions, obtain parent written consent prior to the disclosure of personally identifiable information from education records. An exception which permits disclosure without consent is disclosure to school staff with legitimate educational interests, such as a person employed by the district; a person serving on the school board; a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, or therapist); or a parent or student serving on an official committee, such as a grievance or disciplinary committee or assisting another school official; and/or an official of another school district in which a student seeks to enroll. A school official has a legitimate education interest if the official needs to review an education record in order to fulfill a professional responsibility.

A school district may also disclose personally identifiable information from education records without prior written consent to appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals. Student directory information may also be disclosed without prior consent if the categories to be disclosed are designated and parents are given the opportunity to opt out prior to disclosure.

Parents have the right to file a complaint with the U.S. Department of Education at the following address if they feel the school district has failed to comply with the requirements of FERPA:

Parent/Student Complaints

Astoria School District is dedicated to ensuring that we work closely with parents and students to create an environment where students can be successful. If a parent or student has a concern or complaint regarding a staff member, school/district practice or policy, or instructional materials should bring the concerns to the attention of school leaders when it arises.

A student or parent who has a complaint concerning a classroom/teacher issue should first bring the matter to the appropriate teacher/school personnel. If the outcome is not satisfactory, a conference with the principal should be requested within five calendar days. If the outcome of this conference is not satisfactory, the student or parent may file a written, signed complaint with the superintendent, within 15 calendar days, who will investigate the complaint and render a decision. If the complainant is dissatisfied with the decision of the superintendent, he/she may appeal to the Board in care of the superintendent within 10 calendar days following receipt of the superintendent's decision. The superintendent will provide the complainant with necessary Board appeal procedures. Board decisions are final.
